THURSDAY, NOV. 18, 1926.

THE LEGISLATURE AND ITS RAILROAD

It would now appear as though the provincial government had lifted off an arm full when it took over the control and management of the B.C. & E.C. railways. Already complaints are being registered from the southern portion of the province over what is claimed to be a discrimination of rates which works to the advantage of points on the Canadian National line and, consequently, to the northern part of the province, and much to the disadvantage of points in the south which are served only by the C.P.R.

It cannot be denied that the rates which came into existence with the taking over of these roads by the government, are most unfair and unjust, not only to the southern portion of the province but also to those sections in the north which find it necessary to purchase goods manufactured in the south.

In this connection Redcliff is vitally interested and the present arrangement, if continued, may mean robbing our manufacturers here, of a very promising market for their goods. It would mean that we are to be penalized in doing business with the Peace River district and other districts contiguous to Edmonton, simply because we are served by C.P.R. only. Raymond, where the only beet sugar factory is located, and Medicine Hat with its mills and other industries will be similarly treated.

In taking over the management of this road, there is nothing Premier Rhinow and his minister of railways appear to have lost sight of, and that is that this railroad is owned by people of this province and that it should operate it without penalty or penalty to any source of the province. It is the people's railway; the people meet the losses incurred by it, and the people's interests deserve first consideration.

When in session in Winnipeg recently, the Council of Agriculture strenuously opposed the movement to abolish the Income Tax. The Council was of the opinion that the Income Tax is the most equitable method of raising federal revenues, and that its retention is necessary if progress is to be made towards more tariff reductions. While this attitude is more or less in keeping with the opinion expressed in these columns, a few weeks ago—when it was stated that we cannot expect our government to cut off all sources of revenue and still find enough funds with which to run this young country successfully—yet it shows that the attitude of the Council is very selfish and one-sided. The Council would insist on maintaining a source of revenue to which its members contribute little or nothing, and at the same time advocates a reduction of a tax to which its members may be called upon to contribute their share. This attitude will never solve our problems or get us very far along the lines of progress and development.

The political future of Mr. Alex. Ross still appears to be shrouded in mystery. It is now quite evident that none of the

present members either farmer or labor are willing or anxious to resign and provide a seat for Mr. Ross. While it is unfortunate that the services of Mr. Ross will have to be dispensed with under these circumstances, it is almost unreasonable to expect anything else unless the remedy should come from the ranks of the present labor members. This is hardly probable since there was not unity in the labor ranks in the selection of candidates for the last general election. This being the case it is not to be expected that the farmer members will worry much over the situation since they made a clean sweep of the province in the election and now have all kinds of cabinet timber in their own ranks. The wonder is that they are delaying definite action so long.

Investigation into the alleged customs scandals is to be resumed at once and naturally there is great anticipation in some quarters as to what the outcome will be. From now until the investigation is completed we will read much in the daily papers about the evidence brought out from sitting to sitting, and, much space will be taken up with the discussion of past conditions in the customs department. But why worry in anticipation of the outcome? Anyone who has lived in Canada for the past quarter of a century has noted the changes in the personnel of this investigation committee, and refreshes his memory on the outcome of past investigations of a similar nature, has a good idea right now just exactly how this investigation will finish. Kalamine is still being manufactured and, like whiskey, as long as it is made it will be used for various purposes.

southern fundamentalist now claims it is a sin for women to bob their hair. His reason for saying so is that Eve didn't bob hers. When one thinks of the style of dress in vogue in Eve's day, one wonders what this fundamentalist will be advocating next.

RAYMOND SUGAR FACTORY FINISHES RUN FOR SEASON

Canadian Sugar Factories, Ltd., at Raymond, Alta., paid out \$200,000 on Monday. This amount is made up as follows: \$100,000 for beet, \$50,000 for labor at the factory, beet dumps, etc., and \$50,000 for materials, such as coal and fuel. Practically every dollar of this large amount was distributed in Southern Alberta. The season's run was finished up on Tuesday. Beet deliveries have run to 15,000 tons, something of a disappointment, although considerably better than last year.

TWO WEEKS AFTER CHRISTMAS

You wake up bright and early Christmas morning. You open the stockings. Christmas presents on Christmas morning are the most wonderful, beautiful things in the world. Under the soft light of Christmas candles, every present looks like a priceless treasure.

On the day after Christmas, you begin to look at your presents more carefully. It is easier to decide which you like best.

One week after Christmas, your preferences are very definite. Two weeks after Christmas, you have to think of your friends and remember what some of your friends gave you.

Why not give your friends a Christmas present that they cannot forget, and that will not let them down? The Youth's Companion comes out every week—fifty-two times a year. For \$2.50, what present could you possibly buy that would be more useful, more used, and better appreciated?

Just send your order to the address below and you will take care of delivering the Companion to your home or to the home of a friend. Subscribers will receive:

1. The Youth's Companion—52 issues in 1927, and
2. The remaining issues of 1926. All for only \$2.50.
3. Or include McCall's Magazine, the monthly authority on fashion. Both publications, only \$2.50.

THE YOUTH'S COMPANION

Here and There

Victoria—Twenty head of grade Oxford ewes, two years old, from Marvie Island, have been sold to Japanese buyers. This makes a new departure in the sheep industry of the island, being the first of the home production to be sent to Japan.

It is estimated that eastern British Columbia will produce 3,217,000 boxes of apples this season, this is about 700,000 more than last year's production. Arrangements are being made for a heavy export business to Great Britain, as well as to the Pacific and Eastern Canada.

A regular airtel mail service has been established between Osaka in Japan and Darlin in South Manitoba, two Japanese built "Kawanishi" planes being used. This service is daily, and is being sponsored by the "Osaka Mailbox" one of the largest newspapers in Japan whose aviators recently flew to Berlin.

More than One thousand head of Western Canadian light horses purchased for the Soviet government were assembled here. The horses, which are all light, are being bought for the Russian government with Russian Canadian bank for that purpose. A similar purchase was made last year and the handling of the order facilitates satisfaction with the Canadian stock.

The increase in the net profits of the Canadian Pacific Railway for the first eight months of the year ending August 31st is \$6,814,895.76, according to a financial statement issued at the headquarters of the Canadian Pacific at Montreal. This is the increase in profits as compared with the profits for the same period in 1925. The increase in the gross earnings over the same period in 1925 is stated at \$15,691,364.57.

"Hell-Bearing Canyon," the scene of a dramatic incident in John Murray Gibson's new novel "Eyes of a Gypsy" is the actual name of a remote valley in the Canadian Pacific Rockies as known to the guides and hunters, although the Geographic Board of the Canadian Government has just changed it to a less romantic name—"Huma Creek." The reason for the change in name is that there is another Hell Bearing Canyon in the Rockies which claims a prior right to the name.

Interesting Local Items

Mrs. J. E. Kitching of Armstrong, B.C., is spending a few days in town.

A number of members of Ruth Lodge Medicine Hat, paid a visit to Vega lodge here last night.

next Tuesday night, and, "A.L.", come to the social at St. Ambrose next Tuesday night. I'll be there early. Chubbey?

A winter social will be held in St. Ambrose hall next Tuesday. Bring your friends at 8 o'clock and enjoy a full evening's entertainment.

The Gordon Memorial Ladies' Aid will hold their fall sale of fancy work and useful articles, for Christmas, on December 11th, from 9 to 5:30 p.m. Home cooking will also be on sale, and afternoon tea will be served.

The Rolling Girls in Medicine Hat commenced operations on Monday of this week. Only one shift is working at present, but it is thought that by the end of the month both day and night shifts will be on.

The return games in the billiard and cribbage tournaments between Medicine Hat Legion and the Redcliff legion will be played here tonight. We are informed that the new chairs for the local Legion were received this week.

Mr. Grant Rhoads, who was so severely burned when the oil derrick burned down last Tuesday was able to return to his home Wednesday.

Mr. B. Humberger one of the victims of the fire at the oil derrick last Tuesday is still in hospital. He is progressing as favorably as could be expected.

Mrs. A. R. Ballantyne's mother, Mrs. Newton, left Monday night for her home in Portland, Ore.

The Vega Lodge No. 97, are holding a whist drive and dance in Cliff hall on Wednesday, December 15th. Admission will be \$1.00 per couple, and extra ladies \$25.

Raymond Glosner of Iowa left last Monday night for Vancouver to attend his mother, Mrs. J. Badger, formerly of this town, who is seriously ill.

Mr. P. B. Reid returned from Calgary on Tuesday where he went on business in connection with the R.H. oil well lease. Mr. Reid says work on the erection of a new derrick will be begun at once.

Mr. W. T. Lockwood paid Redcliff a flying visit on Tuesday last. He left on Wednesday for Herve, Min. Mrs. and Miss Hicks spent the week end visiting friends in Calgary.

Quite a number of friends gathered at the home of Mr. George Davies on Saturday evening and gave him a surprise party in honor of his birthday. Music, cards, and dancing contributed to a lively evening's program. A fairly supper being served later. Also Peterson won first prize for the ladies in the whist and Mr. Jones the points. Congratulations going to Mrs. Dolan Mc. Newsham. George received quite a number of nice presents.

CARD OF THANKS

Mr. and Mrs. A. R. Ballantyne wish to thank their many friends for the kindnesses shown them during their recent bereavement.

CARD OF THANKS

The Ladies of St. Mary's Altar Society wish to thank one and all who patronized their supper and dance, making it a big success. We especially want to thank all outsiders who helped us during the supper and dance.

Canada, in proportion to population, has more golf courses than the United States. With its 444 courses there is no need for the summer tourists to miss their game. Ontario leads with 120; Quebec, 70; Alberta, 60; Saskatchewan, 52; Manitoba, 51; British Columbia, 29; Nova Scotia, 17; New Brunswick, 11; Prince Edward Island, 2.

The recent appointment of the Rt. Hon. Reginald McKenna, former Chancellor of the Exchequer of the British Government, and R. E. Peacock, a director of the famous Bank of Baring Brothers, to the directorate of the Canadian Pacific Railway, has caused very favorable comment in Canadian and English financial circles.

The annual across-Canada educational tour carried out under the auspices of the Canadian Pacific Railway, terminated recently at Toronto and Professor Stewart Laird, Dean of Macdonald College, who was in charge of the party of over 100 teachers, students and professional men stated that their entire trip had been an unqualified success.
